Our Service and Guarantee

Initial Site Visit
Your personal account manager will visit and assist you with design and layout.

Plan Layouts and 3D Visualisations
We will provide you with multiple configurations of our furniture at your venue.
Please turn overleaf for an example of this service.

Delivery
Standard delivery of stocked items will be within 7 working days. Express delivery is available upon request.

Installation
We are able to offer comprehensive installation of your furniture upon request.

Warranty
Your furniture is built to last. We have a commercial warranty for 1 year, although we guarantee our materials for up to 10 years.

Environment

We take our environmental responsibilities seriously.

We source responsible materials and utilise factories that possess fair and appropriate employee conditions. Wherever possible, the waste generated from our production is recycled.

FSC® certified timber is vital to us. We comply with the values of FSC®, as defined in the “Policy for the association of organisations with FSC® ”. All of the timber used in Alexander Rose furniture is FSC® certified.

We are proud to be a member of the national ‘Made Aware’ environmental scheme run by LOFA (Leisure and Outdoor Furniture Association). This enables companies involved to progressively improve the environmental and social impacts of the products they sell.

To find out more about these organisations please visit:

Parasols

Parasols are operated using a pulley and locking pin system. Simply pull the rope down to raise the parasol up to the desired height and place the pin in one of the pole holes to secure.

We recommend the parasols are not left up in windy conditions and that you use an Alexander Rose granite base to add stability.

Covers

Alexander Rose covers protect against the build up of dirt and ensure less furniture maintenance is required. They are designed to be removed and installed easily so you can enjoy your furniture straight away. The covers come with ties and cords for securing to the furniture.

Cushion Bags

Our cushion bags come in 3 sizes, small medium & large. All of our bags are weather resistant, but we recommend storing the cushions in the bag in a dry place when not required.

Cushions

Alexander Rose cushions are made using 230gsm spun acrylic which is the best material to use for the outdoors. They are double piped giving a luxurious feel and come with ties for securing to the furniture. The fabric is resistant to shrinking and staining, you can wash the cushion covers at 30c. Whilst our cushions are weather resistant they are not waterproof so we recommend storing the cushions in a dry environment throughout the winter months.

Furniture Anchors

Our soft ground anchors come with solid brass plates that screw onto the outside legs. These have sleeves to allow the anchors to pass through and penetrate the surface. When an anchor approaches its maximum depth (500mm) a curved fluke is released to grip the bench further into the surface, adding more security.

Our bolt down anchors are designed to be used with concrete. They have a maximum depth of 110mm and requires a 20mm masonry drill bit to install them.

For hard ground and concrete surfaces

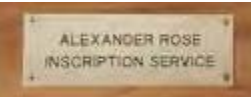

Engravings

Our brass plaque offers a more traditional look for your inscription. Stainless steel plaques provide a more contemporary look with a silver shine and will not rust. If you are looking for something unique we also offer a direct engrave service where your inscription is carved

directly into the timber by a computer aided engraving machine. A direct engraving will mellow down along with the bench to a silver grey finish if left untreated, you will find treatment recommendations overleaf.

Treatments

Alexander Rose manufactures garden furniture which will last for many years. Over time, as part of the natural weathering process, cracks and splits will appear in the wood particularly on the end grain and to a lesser extent on the surface.

The drier the wood, the more cracks will appear due to the evaporation of natural oils and minerals in the wood from exposure to the elements. As with most hardwoods, this is a normal characteristic for any timber which remains outdoors.

Our timber furniture is designed with this in mind and its strength and durability will remain unaffected.

Wooden furniture can be treated with our specially formulated care products to give a beautiful rich finish and enhance the look of the wood. Alternatively it can be left to turn a mellow silver grey, and should be cleaned occasionally with warm soapy water.
