# TIMBER MATERIALS

We choose from only the highest quality materials ensuring our products stay at their best through years of use.

ROBLE	CORNIS	MAHOGANY	NEW ENGLAND
			
A hardwood which is light yellow in colour and has a smooth lustre. It's strength is similar to Teak. It has a 10 year warranty and a durability of up to 25 years and is sourced from Bolivia. Our Roble is FSC® 100%.	A dense, closely grained hardwood, which has been oiled giving each piece of furniture a smooth brown finish. It originates from The Congo, Central Africa. It has a 3 year warranty and a durability of up to 10 years and is FSC® MIX.	A red/pink hardwood that mellows to a silver/grey colour. It has a 3 year warranty and a durability of up to 10 years. It is sourced from The Congo, Central Africa. Our Mahogany is FSC® MIX.	A hardwood coated in a polyurethane satin white paint. The timber is a species of Acacia sourced from Vietnam. It has a 3 year warranty and a durability of up to 10 years. Our New England is FSC® 100%.

PINE	ROSE SLING	CHARCOAL CUSHION FABRIC	OATMEAL CUSHION FABRIC
			
A pre-treated soft wood with an impressive yellow/green grain. The Pine needs to be annually re-treated with a preservative. It has a 3 year warranty and a durability of up to 10 years. Our Pine is from Poland and is FSC® 100%.	Rose-Sling is a synthetic, highly flexible, tensile-strength polyethylene fibre. It is 100% recyclable, a non toxic material and is insensitive to UV Rays. Comes with a 3 year warranty and a durability of up to 10 years.	Our Charcoal cushion fabric is made using 100% dyed premium Olefin yarns, meaning it is rot and fade proof. The cushions can be easily brushed clean using a household cleaner or a bleach solution for more stubborn stains. Comes with a 3 year warranty and a durability of up to 5 years.	Our Oatmeal cushion fabric is made using 100% dyed premium Olefin yarns, meaning it is rot and fade proof. The cushions can be easily brushed clean using a household cleaner or a bleach solution for more stubborn stains. Comes with a 3 year warranty and a durability of up to 5 years.

# THE TIMBER STORY

Alexander Rose has been at the forefront of garden furniture design and manufacturing since 1994, and has gained a reputation as one of the market leaders for high quality timber products.

For over twenty years we have designed many classic furniture pieces across a variety of FSC® hardwoods and softwoods. These timbers are ideal for manufacturing the finest construction details in wood, and make our furniture stand out and appreciated by our discerning customers.

Our timber collection offers a full range of furniture in five sustainably sourced woods. The premium hardwood range is made from Bolivian Roble, one of the world's strongest and most durable woods. Our second hardwood range is Cornis which originates from The Congo, Central Africa. Our third wooden range is Mahogany, sourced from managed forests in The Congo, Central Africa. Our fourth wooden range is made in Eastern European softwood Pine, a timber suited to more rustic furniture. Our fifth collection is white painted furniture called New England, this is made using our Acacia wood sourced from Vietnam.

Alexander Rose has the widest selection of timber benches in the UK, and developed the first curved back slat bench. This has become a recognised ergonomic design classic that is accepted as the modern day alternative.

The Alexander Rose passion for producing beautiful furniture has never wavered and we know that you will enjoy choosing items that reflect your personal style, mood and budget.

There is something for everyone.

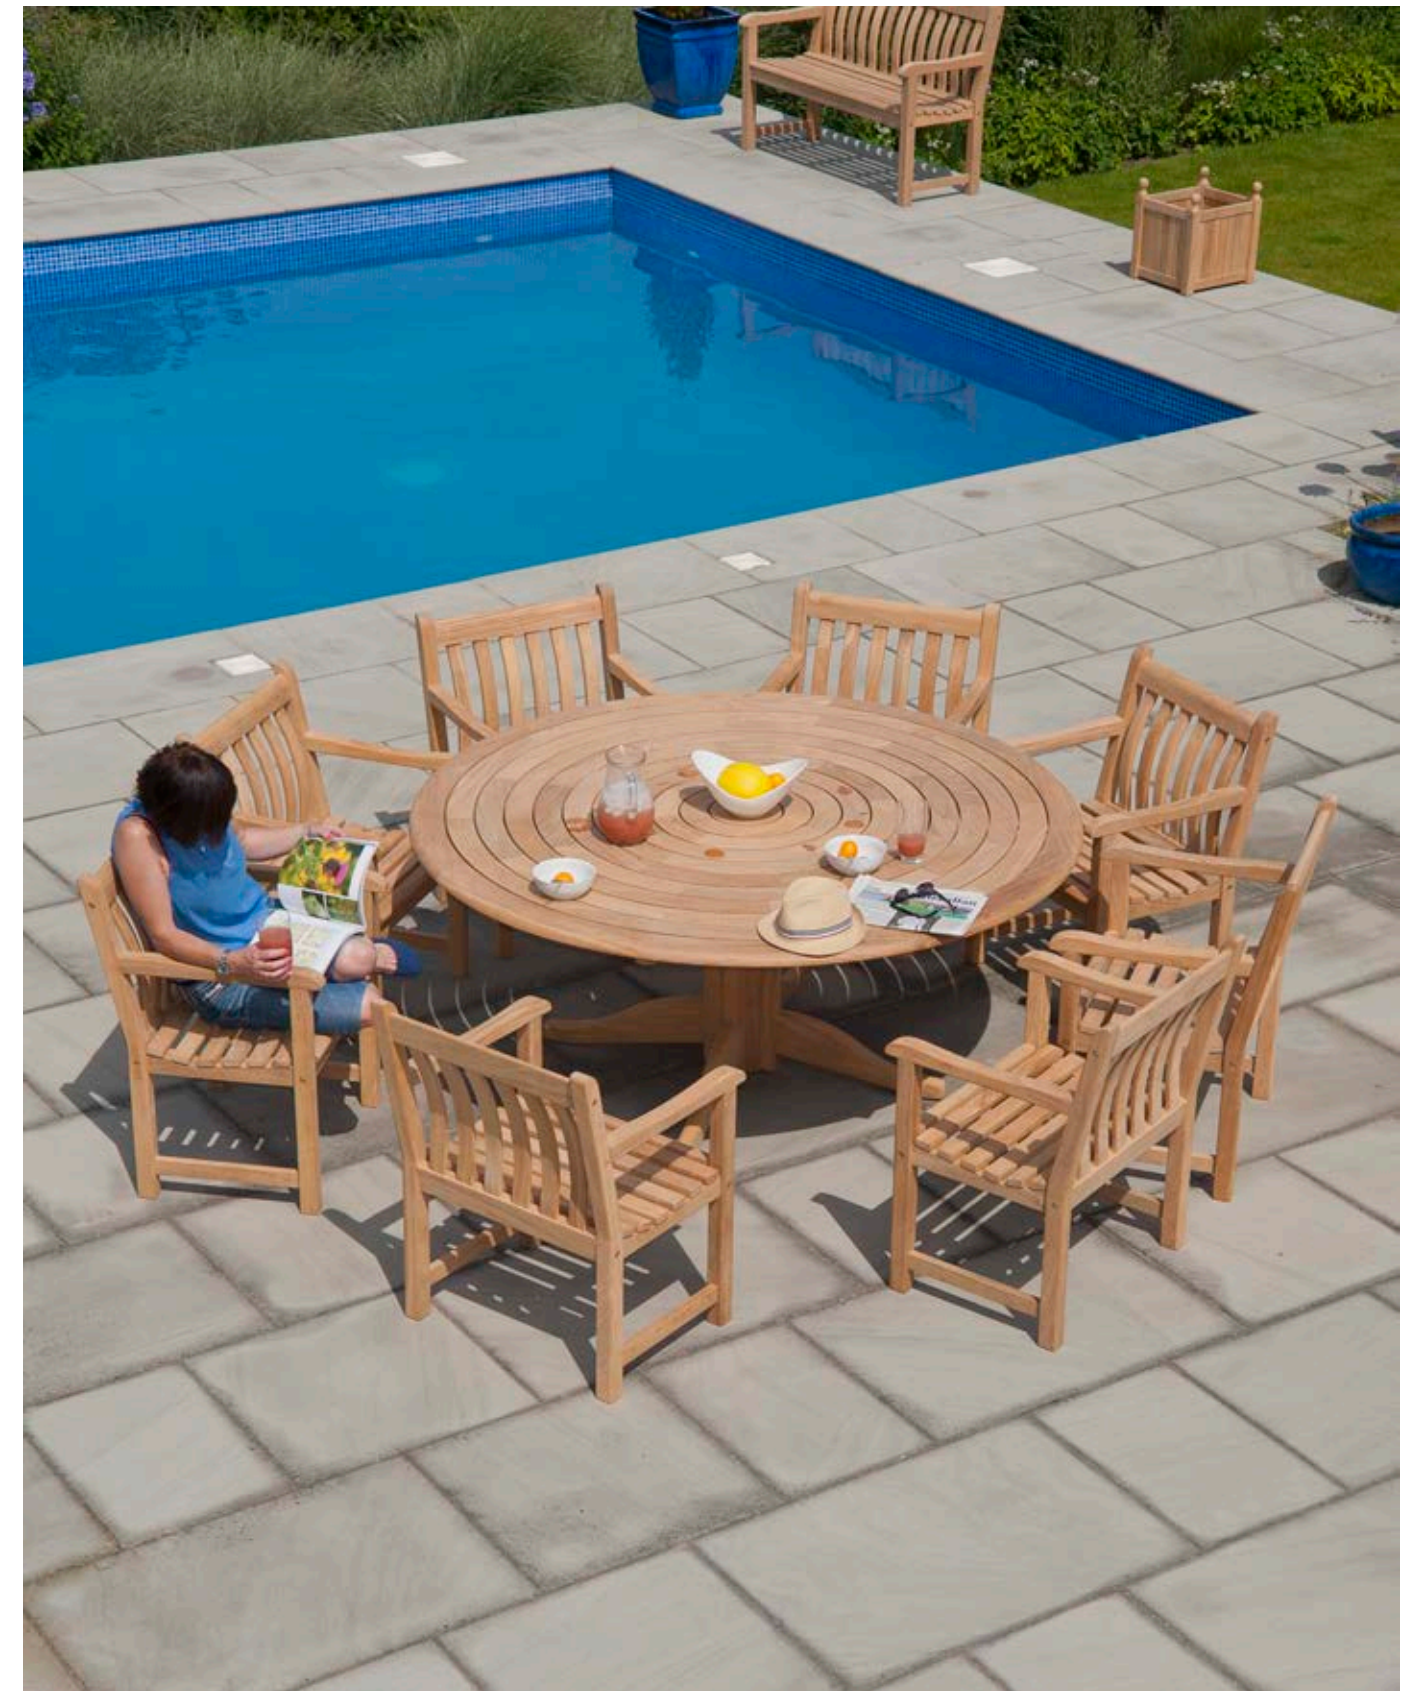

# ROBLE COLLECTION

10 YEAR WARRANTY

Our **Roble** collection provides some of the most beautiful garden furniture available in a selection of contemporary and traditional designs. Whether you prefer precise angles or traditional classic designs, you will find the perfect piece of furniture to compliment any outside space.

Manufactured in our own factory in Bolivia, this timber is extremely durable. It has a smooth lustre, with a closely interlocked light yellow grain.

Our **Roble** is FSC® 100%.

# PINE COLLECTION

3 YEAR WARRANTY

**Pine** is an extremely popular softwood for making garden furniture. It is carefully sourced from responsibly managed forests in Eastern Europe. Each piece has been treated in order to make it suitable for outdoor use.

The timber has a figurative grain and the yellow/green colour will mellow over time to an attractive silver/grey. This rustic collection of furniture is ideal for a traditional English country garden.

Our **Pine** is FSC® 100%.

# ACCESSORIES COLLECTION

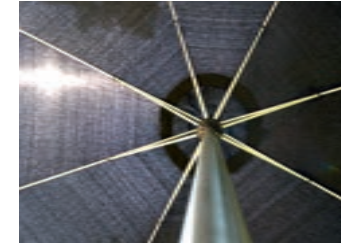

Enhance your outdoor space with our extensive range of accessories; from colourful scatter cushions & parasols, to protective furniture covers and treatments.

We offer a selection of weather resistant storage bags for your cushions, that we recommend you use to protect them from the elements.

For personalising your timber furniture, we offer an engraving service directly onto the timber or a choice of brass or stainless steel plaques.

UP23

## Hardwood Parasols

Alexander Rose hardwood Parasols are operated using a pulley and locking pin system. Simply pull the rope down to raise your parasol up to the desired height, place the brass pin in one of the pole holes to secure. To lower the parasol remove the locking pin and slowly let the rope pass through your hands until the canopy is folded. We recommend that the parasol is not left up in windy conditions. It is essential to use an Alexander Rose base to add stability.

## Aluminium Parasols

Alexander Rose aluminum parasols are easily operated with a simple crank handle. Some parasols have a tilt mechanism, allowing you to angle the canopy and provide effective shade from the sun.

## Stainless Steel Parasols

Alexander Rose stainless steel parasols are operated using a pulley and locking pin system. Simply pull the rope down to raise your parasol up to the desired height, place the stainless pin in one of the pole holes to secure. To lower the parasol remove the locking pin, slowly let the rope pass through your hands until the canopy is folded and upright. We recommend that a parasol is not left up in windy conditions, it is essential to use an Alexander Rose granite base to add stability.

# CANTILEVERS

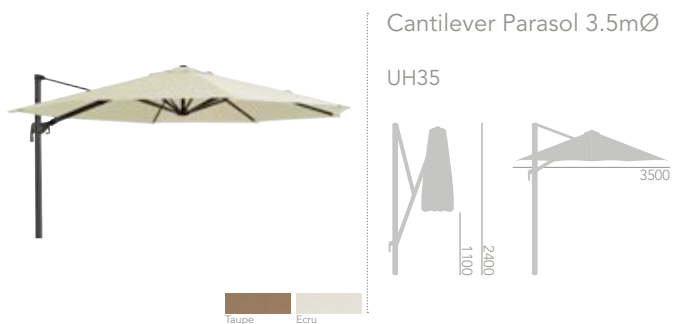

**UHP**

The UHP parasol is easy to operate with the simple handle and lock mechanism. To rotate the parasol simply unlock the handle and move into the desired position, and then lock the handle to secure. They can be easily bolted to an Alexander Rose UHGB40 granite base.

**UHY**

The UHY is a 16 spoke curved 3.0m cantilever parasol. As with the UHP it is easy to raise and lower the canopy with a crank handle mechanism. The canopy can be adjusted into 5 positions to give maximum shade from the sun. The parasol also has a foot operated pedal for 360° rotation. For use with the UHGBY granite base.

**UH35**

The UH35 parasol has a unique design, tilting to 180° covering the slightest of angles to protect everyone from the sun. The main feature as with all cantilever is the ability to spin 360° on its axis. Easy to operate with the simple crank handle, you will be shaded from the sun in seconds. They can be easily bolted to an Alexander Rose UHGB90 granite base.

Our elegant cantilever parasols can be positioned to provide maximum shade. They appear to float above the furniture and can be manually rotated on its own axis to follow the sun. It is freestanding allowing you to position the furniture underneath, rather than around a central pole as with conventional designs. The crank mechanism enables effortless use.

The parasols are made using lightweight durable polyester fabric which is water resistant and easy to clean. To clean your parasol we advise that the fabric is kept attached to the frame, use a soft brush or broom and warm soapy water. For more stubborn stains the canopy can be removed and washed at 30°C. Once washed it is important to put the canopy back on the frame to dry.

# BASES

## Granite Base

## Cushion Storage Bags

Our cushion bags come in 3 sizes, small medium & large to accommodate your set of cushions. All of our bags are weather resistant, we recommend storing the cushions in the bag in a dry place when not required.

The small cushion bag is designed for the recliner seat cushions; it will fit up to 6 cushions. It will fit the Portofino cushions as well as a number of scatter cushions.

The medium bag is designed to hold the lovers recliner cushions as well as a number scatter cushions.

The large cushion bag is designed for our larger models of furniture, such as the Ocean Hut & Round Daybed.

## Tent Effect

Depending on the type of Alexander Rose furniture you have, it may be necessary to place an object such as a bucket between the furniture and the cover. This will reduce the amount of sagging, and will help the airflow around the furniture, this will prevent the chance of rotting occurring to furniture.

## Cushion Cleaning Tips

1. Brush off any loose dirt.
2. Prepare a cleaning solution of 1:16 mild detergent to lukewarm water.
3. Use a sponge or a soft bristle brush to clean.
4. Allow cleaning solution to soak into the fabric.
5. Rinse thoroughly to remove all soap residue.
6. Allow fabric to air dry.

Do not dry clean the cushions, use bleach or detergents, iron, steam iron or tumble dry.

## Polyester Cushions

These cushions are single piped and come with ties for securing to the furniture. The fabric is resistant to shrinking and staining, we recommend storing the cushions in a dry environment throughout the winter months; this will ensure they stay in good condition.

Composition: Fabric 100% Polyester 180 grams, Filling 100% Ultraspring Fibre.

## Cushion Care

## Lazy Susans

Alexander Rose Lazy Susans are available in black polished granite or thick tempered safety glass. Our Lazy Susans have been designed with a 50mm central hole to enable full use of parasols whilst dining.

## Gazebos

Our two Gazebos use 250gsm polyester fabric for the roof and 180gsm polyester fabric for the curtains, both pieces of fabric are in Ecu. The frame is constructed in aluminium and is powder coated to prevent corrosion, which makes it perfect for outdoor use.

## Timber Care

Alexander Rose manufactures garden furniture which will last for many years. Over time, as part of the natural weathering process, cracks and splits will appear in the wood particularly on the end grain and to a lesser extent on the surface. The drier the wood, the more cracks will appear due to the evaporation of natural oils and minerals in the wood from exposure to the elements. As with most hardwoods, this is a normal characteristic for any timber which remains outdoors. Our timber furniture is designed with this in mind and its strength and durability will remain unaffected. Wooden furniture can be treated with our specially formulated care products to give a beautiful rich finish and enhance the look of the wood. Alternatively it can be left to turn a mellow silver grey, and should be cleaned occasionally with soapy water.

Nourishes and gives a more uniformed appearance, also slows the discolouration from sunlight.

Timber Treatment

ARTT

500ml

Protects the natural look of all hardwood timbers by enhancing its appearance.

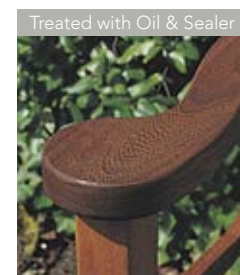

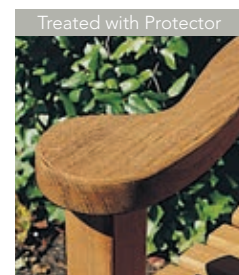

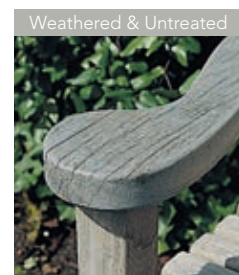

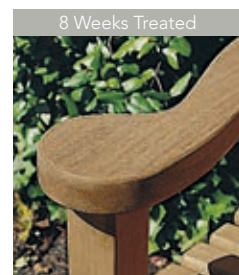

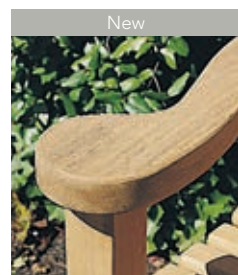

Timber Sealer

ARTS

500ml

Protects against weathering and reduces moisture absorption.

# TIMBER MAINTENANCE

## Timber Maintenance

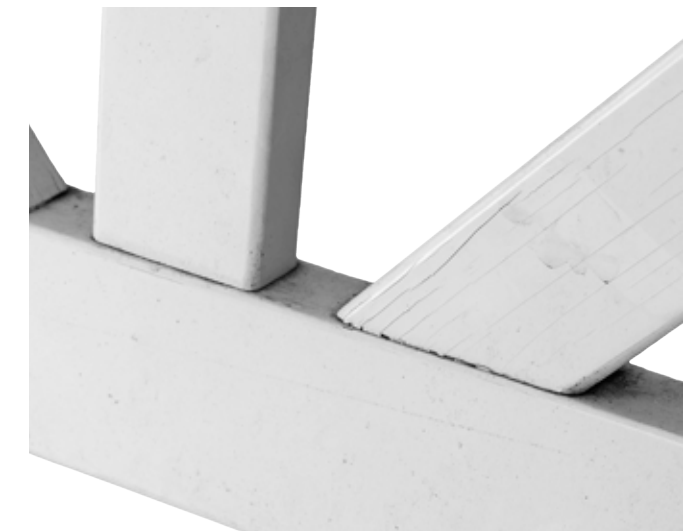

Weathering occurs over a period of time, you can expect to see changes in the timber after a few weeks. Timber is a natural material, it absorbs moisture in wet conditions and is likely to expand. In dry conditions the timber dries and may shrink a very small amount,

as the material moves surface cracks will appear in the timber. You can maintain the appearance of your furniture by lightly sanding down the timber and applying one of our formulated care products, see below for results.

## New England Maintenance

Alexander Rose New England furniture is produced in a satin white finish, this is the result of three coats of polyurethane paint to the Acacia timber. After time there may be hairline cracks in the finish, this is due to the timber moving. Expansion and contraction of timber is normal and is caused by climatic variation, this becomes noticable around the joints.

The New England benches are designed to be used outside, we recommend regular maintenance to retain its original condition, this can be done by sanding the effected area down to the natural timber, a reddish colour, then re-apply evenly a white satin polyurethane paint to the area. Polyurethane paint can be purchased from any DIY or Hardware store, if you are unsure about what paint to use please contact Alexander Rose.

## Bolt Down Anchors

BA3

Bolt down anchors for hard  
ground and concrete surfaces

## Bench Engravings

Alexander Rose offers an engraving service with three options, brass plaque, stainless steel plaque and direct engravings onto our furniture. Our brass plaques offer a more traditional look for your inscription. Stainless steel plaques provide a more contemporary look with a silver shine, they will not rust.

If you are looking for something unique we offer a direct engrave service, your inscription is carved directly into the timber by a computer aided engraving machine. A direct engraving will mellow down along with the bench to a silver grey finish if left untreated, you will find treatment recommendations on page 114.

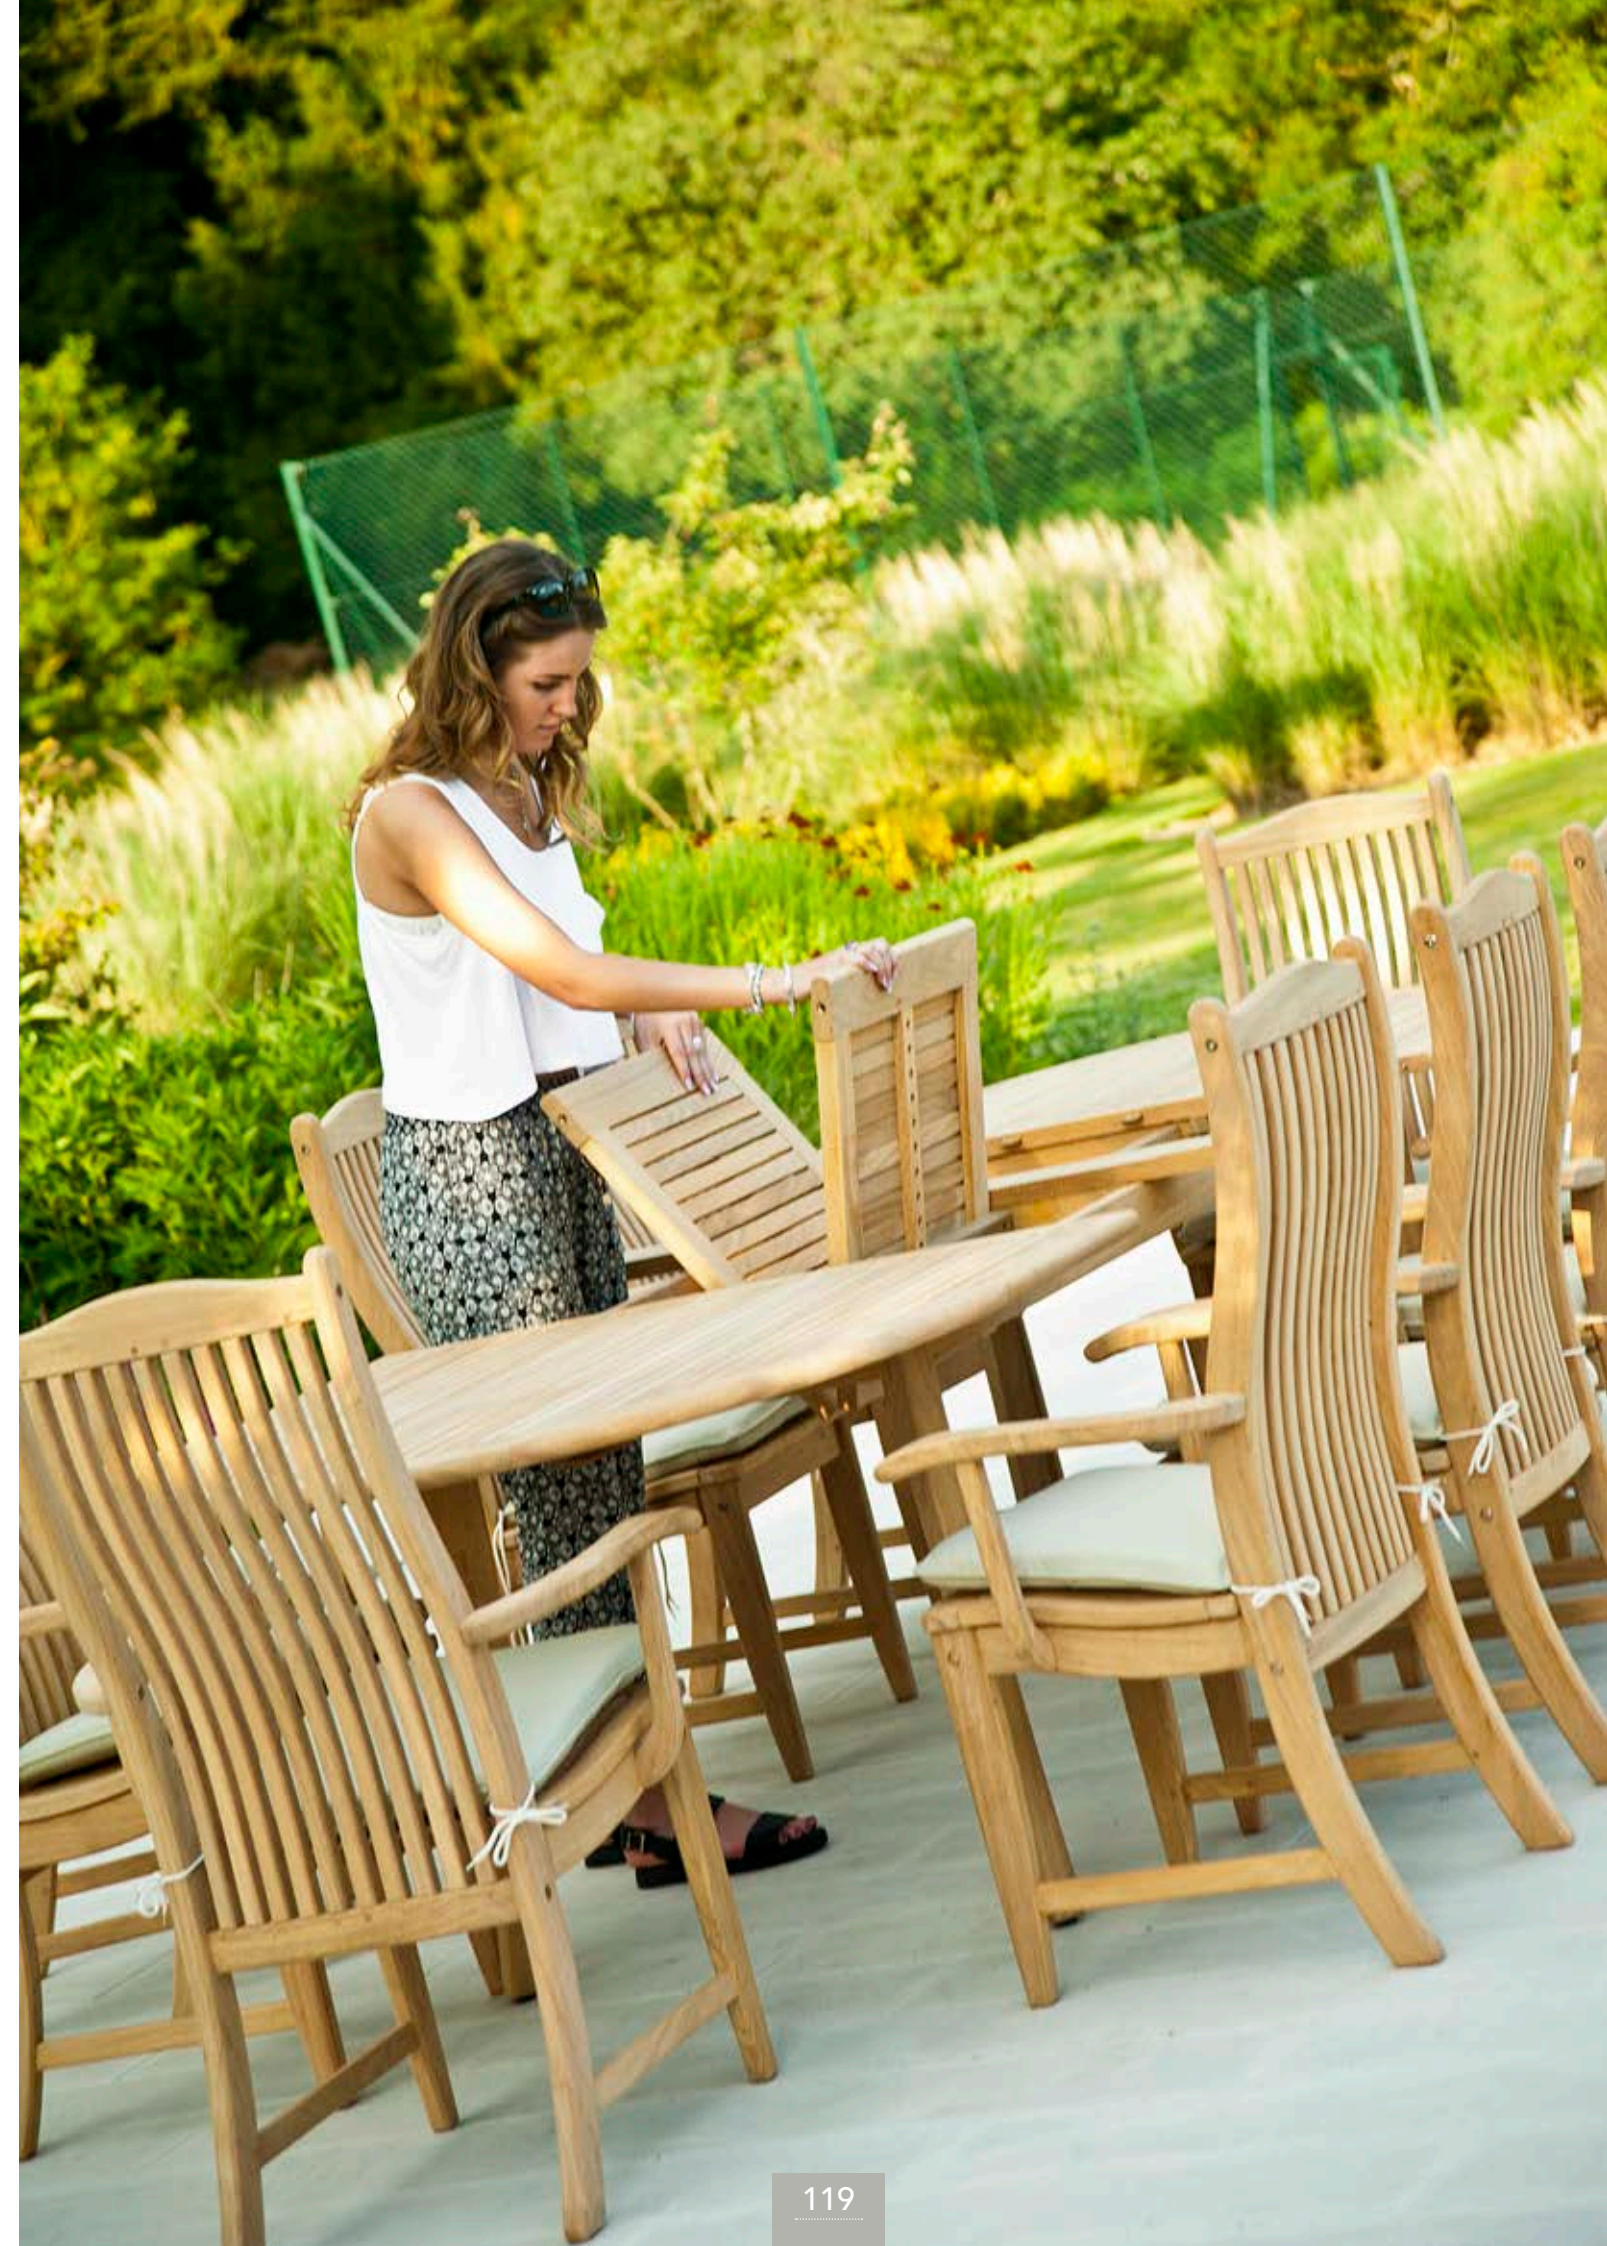

## Furniture Anchors

We have designed two types of anchors for different surfaces, the most common being lawns. Using an Alexander Rose soft ground anchor kit avoids the need for concrete, installation is quick and easy without any mess.

Our soft ground anchors come with solid brass plates that screw onto the outside legs, these have sleeves to allow the anchors to pass through and penetrate the surface. When an anchor approaches its maximum depth (500mm) a curved fluke is released to grip the bench further into the surface, adding more security.

Our bolt down anchors are designed to be used with concrete, they have a maximum depth of 110mm and requires a 20mm masonry drill bit to install them.
