

ALEXANDER ROSE

Celebrating 25 Years

Alexander Rose are proud to celebrate 25 years in the industry.

During this period our name has become synonymous with thoughtful design, solid craftsmanship and a high standard of customer service. We offer an impressive range of traditional and modern designs and styles that have stood the test of time.

Alexander Rose are recognised throughout the UK, Europe and the rest of the world for the quality and design of our sustainable outdoor furniture products.

Furniture is our passion and we are committed to providing outstanding design, quality and customer service.

COMFORT IN DESIGN

At Alexander Rose we pride ourselves on strong values.

Our primary focus is to provide our customers with the highest quality furniture at affordable prices.

We take great pride in our customer service and aftercare. Alexander Rose's vision is to be recognised throughout the UK, Europe and the rest of the world for the quality and design of our sustainable outdoor furniture products.

The customer's comfort is our business. Whether the furniture needs to provide the best dining, drinking or relaxing experiences, we have the perfect solution to meet any requirement. Our designs are used all over the world in every possible climatic condition – sun, rain, frost or snow – from the glaring sun in Africa to the icy reaches of Siberia. We only use the very best materials in the manufacture of Alexander Rose furniture. All our furniture is designed to perform in any weather and to withstand large temperature differences and seasonal changes.

SUSTAINABILITY

We take our environmental responsibilities seriously.

We source sustainable materials and utilise factories that possess fair and appropriate employee conditions.

Wherever possible, the waste generated from our production process is recycled. Alexander Rose are careful not to “over-package” our products and we always use recyclable packaging wherever possible. Alexander Rose have pledged to eliminate the use of all avoidable plastic waste. By the end of 2019 our objective is that there will be no single use plastic included in any of our packaging or warehouse operations.

Forest Stewardship Council®(FSC®)

FSC® certified timber is vital to Alexander Rose and we comply with the values of FSC®, as defined in the “Policy for the association of organisations with FSC®”. Alexander Rose is therefore proud to declare it is not directly or indirectly involved in the following activities:

- Illegal logging or the trade in illegal wood or forest products.
- Violation of traditional and human rights in forestry operations.
- Destruction of high conservation values in forestry operations.
- Introductions of genetically modified organisms in forestry operations.
- Violation of any of the ILO core conventions, as defined in the ILO declaration in fundamental principles and rights at work, 1998.

WARRANTY

Alexander Rose is a premier supplier of garden furniture and goes to great lengths to ensure that everything we sell is always of the highest quality. Alexander Rose has the confidence in its products to offer warranties far in excess of statutory requirements up to a maximum of 10 years. The warranty is against both material and manufacturing defects. For full details on our warranty policy, please visit our website:

www.alexander-rose.co.uk

DESIGN

At Alexander Rose we understand that good design is not just about the look of the product - it is about the experience. How something feels and how it makes us feel.

Alexander Rose currently work with several world-renowned, award-winning designers. Underpinning everything we do is a combination of aesthetic design with everyday functionality and comfort.

ALAN MORLEY

The in-house designer for Alexander Rose. Alan has developed many collections of innovative furniture that maintain the company's position at the forefront of the outdoor furniture industry, including the Cordial collection.

CARSTEN ASTHEIMER

The founder of Astheimer Studio, established in 2009. Carsten maintains strong design principles whilst always focusing on sustainability. Carsten designed the Beach Lounge for Alexander Rose.

DICK BJÖRK

Dick Björk grew up making furniture at his father's side in the family furniture shop in Helsingborg, Sweden and completed his formal education in traditional wood technology at the esteemed Tratekniska Skolan in Helsingborg. Dick designed the Tivoli range.

POVL ESKILDSSEN

Povl Eskildsen gained experience within the family's furniture factory in the 60s and 70s. Following a Master's Degree in furniture design from the Denmark School of Architecture in 1986, Povl has worked as a freelance furniture designer all over the world. Povl designed the Cologne range.

METAL MATERIALS

FRESCO FRAMES

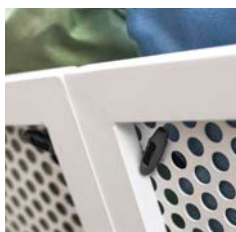

Our Aluminium frames are welded by hand and then finished in a superior quality powder coating to protect against corrosion. The frames come in a choice of two colours; Flint or Shell. Comes with a 5 year warranty.

SLING

The slings on the Fresco chairs and sunbeds are made from Batyline fabrics - a woven polyester fibre which is protected by a PVC coating. This premium quality sling guarantees extreme resistance to climatic conditions and UV exposure.

BEACH FRAMES

Our Aluminium frames are welded by hand and then finished in a superior quality powder coating to protect against corrosion. The frames come in a choice of two colours; Flint or Shell. Comes with a 5 year warranty.

ROBLE

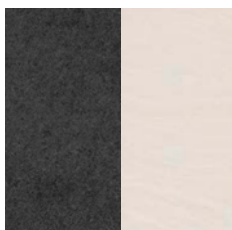

A hardwood which is light yellow in colour and has a smooth lustre. Its strength is similar to Teak. Comes with a 10 year warranty and is sourced from Bolivia.

CORDIAL FRAMES

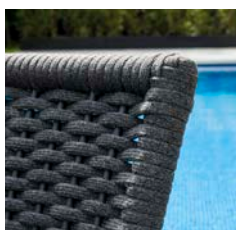

Our Aluminium frames are welded by hand and then finished in a fine texture powder coating to protect against corrosion. The frames come in a choice of two colours; Grey or Beige. Comes with a 5 year warranty.

HIGH PRESSURE LAMINATE (HPL)

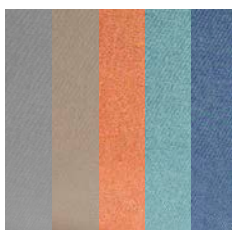

HPL is produced by combining a mixture of paper and resins under high temperatures. It is a tough weather resistant material, which has a high resistance to impact and extreme temperatures.

CORDIAL BRAIDED ROPE

The 15mm wide braided rope comes in a choice of grey or beige. It has an oval profile and comes with a synthetic EPDM core to give a higher quality product. This core reduces the drying time in comparison to unfilled ropes. Comes with a 5 year warranty.

OLEFIN CUSHION FABRIC

The high specification Grey and Taupe Beach & Fresco cushions are made using 405gsm/m² solution dyed olefin with a colour fastness to light ± 8 . The Ochre, Blue and Jade cushions are made using a tough 300gsm/m² polyester with a colour fastness to light ± 7 . The outside of the fabrics has the pre-treated water resistant finish applied and on the rear side is the polyethylene (PE) layer that makes all the fabrics in the Beach Lounge collection 100% waterproof. Cushion covers are sewn using an unbreakable outdoor rot-proof marine grade thread.

METAL STORY

Alexander Rose announced itself to the metal furniture market with the outstanding stainless steel Avant collection in 2004. Our objective was to design eye-catching furniture that would bring a refreshing look to a new market for Alexander Rose.

The Beach Lounge was designed by UK based designer Carsten Astheimer. It consists of four main modules; single chairs, corner chairs, side tables and coffee tables. The modules of the Beach Lounge can be connected together to create almost limitless design possibilities. This allows you to create your own layout to maximise comfort, utilise space and show your individual style. Fresh, exciting cushion colours and contrasting frames add to the vibrancy of the range.

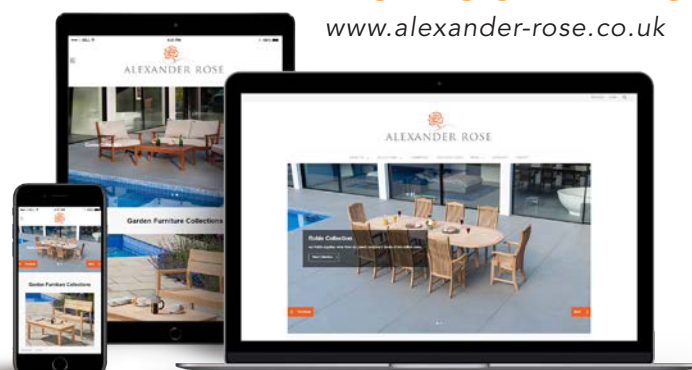

The natural evolution from the Beach Lounge is this season's new Fresco range, an exciting collection of dining and poolside furniture. Designed to give the maximum opportunity to personalise your furniture, the range comes in an array of striking options across metal, wood, fabric and man-made materials.

Returning for 2019 is the stunning Cordial Lounge collection, a delightful fusion of Scandinavian and Mediterranean influences which combines ergonomics with high quality modern materials. The clever combination of aluminium frames with marine grade rope utilises traditional weaving techniques to create a visually breathtaking set of furniture that is equally at home in the garden or indoors. A stunning 3-seater sofa has been added to the collection for 2019, to complement the original six designs available.

Brand new for 2019 is the Cordial Dining range – a collection of furniture designed to either stand alone or to complement and enhance the Cordial Lounge. With three different dining table sizes, a bistro table and a selection of different table top and frame options, the Cordial Dining range looks set to continue the success story of its predecessor.

FRESCO

New for 2019 is the Fresco collection – a sleek, sophisticated range of dining and poolside furniture. The Fresco is crafted from handmade aluminium frames coated in a premium quality powder to protect against the elements.

Combining outstanding design with the very best in modern materials, the Fresco offers a myriad of options to ensure the perfect fit for any outdoor space. Chairs are available in slatted aluminium or sling varieties, and the stackable armchairs come with premium Roble timber arm rests as standard.

Frame choices are available in bold flint or cool shell colours, and table tops come in a choice of premium Roble, a slatted aluminium or durable HPL in sand or grey pebble colours to complement the frames.

The slings on the Fresco Chairs and Sunbeds are made of Batyline fabrics – a woven polyester fibre which is protected by a PVC coating. This premium quality sling guarantees extreme resistance to climatic conditions and UV exposure with no sag.

WATERPROOF CUSHION FABRIC

The high specification Grey and Taupe Beach Lounge cushions are made using 405gsm/m2 solution dyed olefin with a colour fastness to light ± 8 . The Ochre, Blue and Jade cushions are made using a tough 300gsm/m2 polyester with a colour fastness to light ± 7 . The outside of the fabrics has the pre-treated water resistant finish applied and on the rear side is the polyethylene (PE) layer that makes all the fabrics in the Beach Lounge collection 100% waterproof. Covers are sewn using an unbreakable outdoor rot-proof marine grade thread, giving a lifelong strength to the seams.

VENTED MESH PANEL

In each of the seat and back cushions there is a sewn in vented mesh panel made from our durable Rose Sling material; this allows the air to escape when in use and returns the cushion back to its original shape after use. This design feature gives the Beach Lounge that luxurious sinking sensation and all round comfort.

HOLLOW FIBRE FILLING

The soft hollow fibre filling is fitted inside a breathable polypropylene (PP) interliner. This casing has excellent abrasion and antibacterial qualities. The internal 'pillow' is made up in compartments, which prevents the filling material from moving around and losing its shape over time.

CUSHION TOGGLE

The cushion toggles are made from hard-wearing colourfast ABS (Acrylonitrile Butadiene Styrene) and are fitted with an elasticated waterproof cord with a natural rubber core and a braided polyester outer sleeve. The toggle cord is joined together with zinc plated metal crimps and covered in a plastic sleeve in order to protect the paint finish of the frames. The toggles are easily fitted by the customer through the perforated holes in the frames.

BEACH LOUNGE

The Beach Lounge is the result of a collaboration between Alexander Rose and UK based designer, Carsten Astheimer.

The unique difference of this collection is the ultra-comfortable, water proof cushions and the way in which they attach to the perforated mesh frames, using toggles to create a crafted feel. Comfort, versatility and functionality combine to make the Beach Lounge perfect for modern outdoor living.

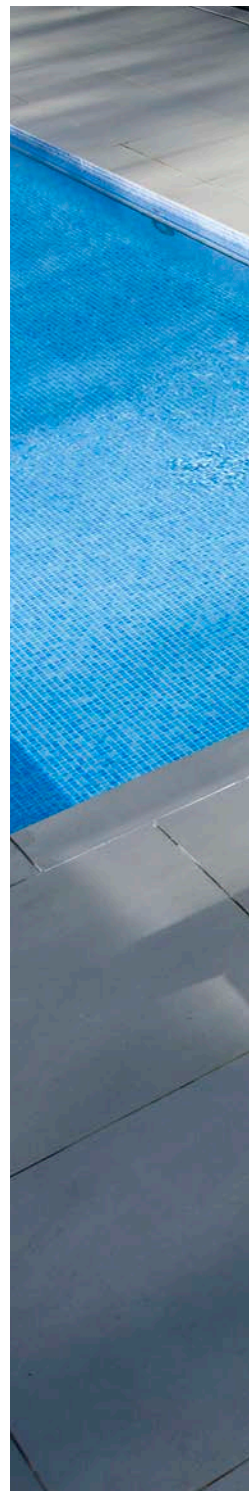

Beach Lounge cushions come with a 2 year warranty, and are fully waterproof. The cushions are available in five different colours (Grey, Taupe, Jade, Ochre and Blue) and can be cleaned if required with warm soapy water and a micro-fibre cloth.

Alexander Rose have introduced protective cushion covers into the Beach Lounge collection for 2019 season. Beach Lounge cushions are 100% waterproof and designed to be left outdoors 365 days a year.

We recommend that the new covers are used during the winter months and during prolonged periods when the furniture is not in use to protect the cushions against airborne pollutants and to minimise the requirement for cleaning.

CORDIAL

Returning for 2019 is the stunning Cordial collection. With a growing selection of individual pieces, our Cordial collection is crafted from tubular frames which are handmade in powder coated aluminium. Side and coffee table options come in matching spoke frames with a choice of tops in Roble or durable HPL in attractive sand or grey pebble colours.

New for 2019 is the Cordial Dining collection, a natural progression from the Cordial Lounge range. A choice of tables are offered to seat 2, 4, 6 or 8 people comfortably, with the frames in either grey or beige. Table top options are offered in either our beautiful Roble wood or in durable HPL, with pebble or sand colouring to complement the frames.

The powder coated aluminium frames come in grey or beige, with the chair and sofa being hand woven with a marine grade 100% olefin braided rope, also in grey or beige. The 15mm wide rope has a solid rubber core to give a more substantial and tactile quality product – specially selected by Alexander Rose to ensure that the rope does not become saturated and will dry more quickly than unfilled rope material, even after heavy downpours of rain.

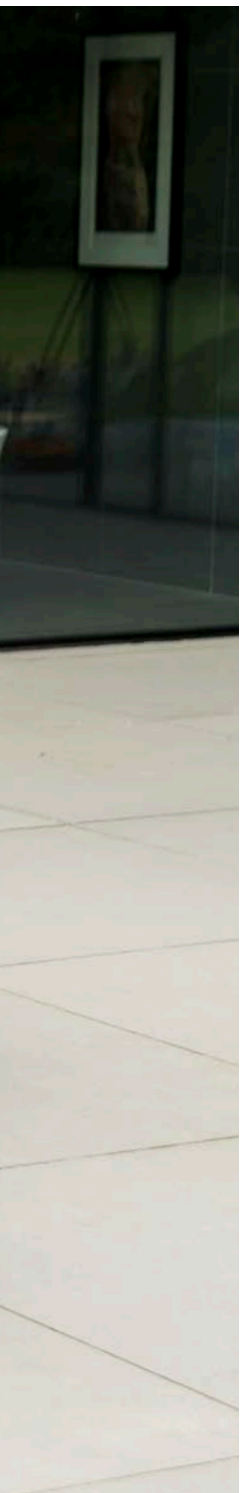

Cushions come in a choice of 3 colours (Anthracite, Oatmeal or Charcoal) and are 100% waterproof. Cordial cushions come with a 2 year warranty. To minimise cleaning we recommend that cushions are kept covered or in storage during prolonged periods when not in use.

A hardwood which is coated in a satin white polyurethane paint. The timber is a species of Acacia sourced from Vietnam. Comes with a 3 year warranty. Our Acacia is FSC® 100% certified.

STAINLESS STEEL

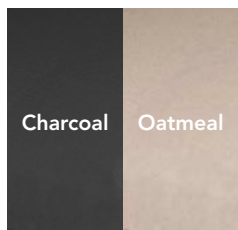

Our Cologne chairs are made from square tube frames with Grade 304 stainless steel. This has a protective film of chromium oxide which prevents surface corrosion making it ideal for outdoor use. Comes with a 10 year warranty.

ROSE SLING

Charcoal Rose Sling is a synthetic and highly flexible tensile polyethylene fibre. It is 100% recyclable, non-toxic material and is insensitive to UV rays. Comes with a 3 year warranty.

OLEFIN CUSHION FABRIC

In the Roble collection our olefin cushion fabric comes as standard in Charcoal and Oatmeal. It is made using 100% dyed premium olefin yarns, making it rot and fade proof. The cushions can be easily brushed clean using a household cleaner or a diluted bleach solution for more stubborn stains. Comes with a 2 year warranty.

Waterproof cushion options are only available as standard on Beach, Fresco and Cordial collections.

Subject to special order, cushion options in any of the 8 waterproof fabric options can also be supplied for the Roble collection.

Subject to availability and 4-5 week lead time for special production.

Subject to 10% surcharge on standard list price.

Whilst every effort is made to produce colour-accurate images, actual colours may vary. We therefore cannot guarantee that the colour you see is an exact match to the true colour of the product.

TIMBER STORY

Alexander Rose has been at the forefront of garden furniture design and manufacturing since 1994, and has gained a reputation as a market leader for high quality wooden furniture.

For over twenty five years we have designed classic wooden benches, tables and chairs using a variety of durable hardwoods and softwoods. Our timber is carefully selected for its properties, meaning we are confident we offer the best wooden furniture you will find on the market.

Our timber collection offers a full range of furniture from sustainably sourced woods. The premium hardwood range is made from Bolivian Roble, one of the world's strongest and most durable woods. Our New England collection is Painted Acacia coated in a polyethylene paint.

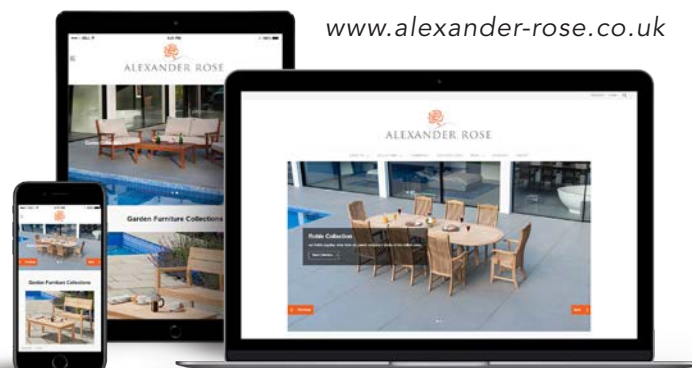

Alexander Rose has a wide selection of timber benches. We developed the pioneering curved back slat bench that has become a recognised design classic.

Alexander Rose values demonstrate a clear commitment to sustainability, and our timber collections epitomise this to the full.

ROBLE

Our Roble collection provides some of the most beautiful garden furniture available in a selection of contemporary and traditional designs. Whether you prefer precise angles or traditional classic designs, you will find the perfect piece of furniture to complement any outside space.

Manufactured in our own factory in Bolivia, this timber is extremely durable. It has a smooth lustre, with a closely interlocked light yellow grain.

If left untreated, Roble will mellow to an attractive silver grey appearance over a period of 3-6 months.

Our Roble is FSC® 100% certified.

NEW ENGLAND

Our New England furniture consists of four white benches to brighten up any garden or patio area. Manufactured using our Acacia timber coated in a rich satin polyurethane paint, the furniture has been beautifully transformed making it fresh, clean and suitable for any environment. Our New England is FSC® 100% certified.

The Painted Acacia furniture is produced by applying 3 layers of polyurethane paint to the Acacia timber. After time there may be hairline cracks in the finish, due to the timber moving. Expansion and contraction of timber is normal and is caused by climatic variation, this is more noticeable around the joints.

New England benches are designed to be used outside. We recommend regular maintenance to retain their original condition. This can be done by sanding the affected area down to the natural timber, a reddish colour, then evenly re-applying a white satin polyurethane paint to the area. Polyurethane paint can be purchased from any DIY or Hardware store. If you are unsure about what paint to use please contact Alexander Rose.

WOVEN MATERIALS

CLASSIC

The Classic collection is woven in a traditional basket style weave using 3mm Classic White Rose Fibres. Comes with a 10 year warranty.

ALUMINIUM FRAMES

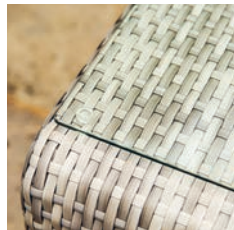

Our aluminium frames are welded by hand and then powder coated to protect against corrosion. The powder coating is colour matched to the Rose Fibres before weaving commences. Comes with a 10 year warranty.

OCEAN PEARL

The Ocean Pearl collection is woven in a traditional basket weave pattern, using 7mm flat Pearl coloured Rose Fibres. Comes with a 10 year warranty.

TEMPERED GLASS

Our 5mm thick safety glass is tempered to British Standard BS EN 12150-1. It has a polished bevelled edge profile. The glass tops protect the woven surface from accumulating dirt, and make it easier to maintain.

OLEFIN CUSHION FABRIC

Our olefin cushion fabric comes in Pearl and Classic Blue. It is made using 100% dyed premium olefin yarns, making it rot and fade proof. The cushions can be easily brushed clean using a household cleaner or a diluted bleach solution for more stubborn stains. Comes with a 2 year warranty.

WOVEN STORY

Alexander Rose commenced production of woven furniture in 2006 and launched ourselves into a new and expanding market with products meeting the customers desire for low maintenance, high quality outdoor furniture. It was immediately evident from customer response that we had much to offer the market with our unique designs and high quality weaving.

In 2007 we invested in our own purpose built factory on the island of Cebu in the Philippines, in order to directly manage the production and delivery of our own quality furniture. Since that time, the demand for weave furniture has increased considerably and we moved to a larger factory to accommodate the greater demand.

Our in-house aluminium framing department skilfully fabricate and weld the intricate carcasses that are then powder coated in colours to match the Rose Fibre before weaving commences.

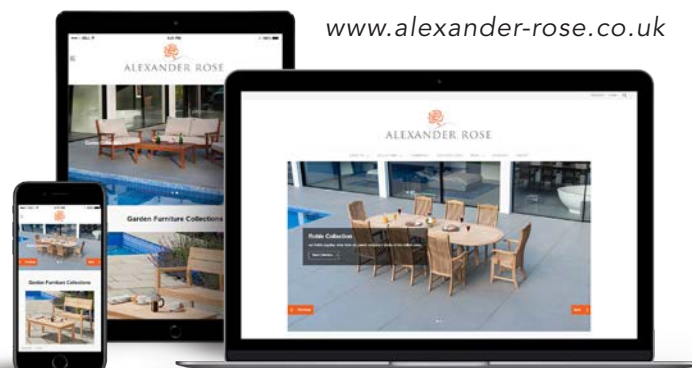

At our factory we implement best practice environmental policies; the synthetic weave and aluminium raw materials are 100% recyclable, and all wastage is reused to make small components on many of our products.

Our furniture is handmade by our experienced craftsmen who produce what we believe to be amongst the most beautiful woven furniture in the world today.

CLASSIC

Inspired by traditional methods and showcasing cutting-edge materials, the traditional lines and elegant basket style weave of the Classic collection celebrate the artisan craft of hand weaving, passed down through the generations. Classic is built to stand the test of time and will provide years of enjoyment.

The collection is woven in a premium 3mm white Rose Fibre and features a choice of open or closed weave chairs each with a distinctive wide rim. Cushions are offered in a classic blue colour as standard with other colours available on request.

New into the collection for this season is the Oyster Chair – an eye-catching statement piece that oozes style, class and sophistication.

We recommend that the woven furniture is cleaned at least once a year. A pressure hose on a wide spray setting is acceptable to use on woven chairs at a distance of approximately one metre from the product. Tables should be cleaned carefully with a sponge or soft scrubbing pad and a cleaning agent.

To clean the table top glass, we suggest the use of any household glass or window cleaner. Olefin cushions can be cleaned using a cloth and mild bleach solution.

OCEAN PEARL

Alexander Rose is proud to introduce the Ocean Pearl collection to celebrate 10 years of the established Ocean collection. The mixed tones of the Pearl coloured HDPE Rose Fibres provide a 'lighter' option, whilst keeping the iconic designs of the original Ocean Bronze collection. The collection includes space saving sofa sets which can be stored away when not in use - the Sunset Lounge Set and the stacking Ocean 2 seater sofa and lounge chairs.

Ocean Pearl is woven in a 7mm flat Rose Fibre in a traditional basket style pattern. The cushions are made from our very tough olefin fabric and are available as standard in Pearl.

We recommend that the woven furniture is cleaned at least once a year. A pressure hose on a wide spray setting is acceptable to use on woven chairs at a distance of approximately one metre from the product. Tables should be cleaned carefully with a sponge or soft scrubbing pad and a cleaning agent.

To clean the table top glass, we suggest the use of any household glass or window cleaner. Olefin cushions can be cleaned using a cloth and mild bleach solution.

ACCESSORIES

Enhance your outdoor space with our extensive range of accessories; from optional cushions and colourful scatter cushions to protective furniture covers.

We offer a selection of weather resistant storage bags for your cushions, which we recommend you use to protect them from the elements. For 2019 we have introduced protective cushion covers into the Beach Lounge collection.

Our waterproof cushions available in our Fresco, Beach and Cordial collections are 100% waterproof and designed to be left outdoors 365 days a year. We recommend that cushions are covered or put into storage during the winter months and during prolonged periods when the furniture is not in use, in order to protect the cushions against airborne pollutants and to minimise the requirement for cleaning.

For full warranty policy on our range of accessories please refer to our website.

WATERPROOF CUSHIONS MAINTENANCE

BEACH / FRESCO / CORDIAL

All cushions in our Beach Lounge, Fresco and Cordial collections are 100% waterproof and designed to be left outside 365 days a year.

The outside of the fabrics has the pre-treated water resistant finish applied and on the rear side is the polyethylene (PE) layer that makes all the fabrics 100% waterproof. Cushion covers are sewn using an unbreakable outdoor rot-proof marine grade thread, giving a lifelong strength to the seams.

The cushions can be cleaned with warm soapy water and a micro-fibre cloth. For stubborn stains on the cushions a diluted bleach solution (1 part bleach to 1 part water) is recommended.

To minimise cleaning we recommend that cushions are kept covered or in storage during prolonged periods when not in use.

Do **not** machine wash.

OLEFIN CUSHIONS MAINTENANCE

ROBLE / CLASSIC / OCEAN PEARL

The cushions covers can be cleaned using warm soapy water with a sponge or microfibre cloth.

For stubborn stains on the cushions a diluted bleach solution (1 part bleach to 1 part water) is recommended.

TENT EFFECT

Depending on the type of Alexander Rose furniture you have, it may be necessary to place an object such as a bucket between the furniture and the cover. This will reduce sagging and will help the airflow around the furniture, this will prevent the chance of rotting occurring.

BEACH LOUNGE COVERS

NEW FOR 2019

Alexander Rose have introduced protective cushion covers into the Beach Lounge collection for 2019 season. Beach Lounge cushions are 100% waterproof and designed to be left outdoors 365 days a year.

We recommend that the new covers are used during the winter months and during prolonged periods when the furniture is not in use to protect the cushions against airborne pollutants and to minimise the requirement for cleaning.

CUSHION STORAGE BAGS

Our cushion bags come in 3 sizes; small, medium and large, to accommodate your set of cushions. All of our bags are weather resistant. We recommend storing the cushions in the bag in a dry place when not required.

The small cushion bag is designed for furniture cushions, it will also hold several scatter cushions.

The medium cushion bag is designed for sofa set cushions and many other sizes of cushion.

The large cushion bag is designed for our larger pieces, such as the modular sofa sets and Beach Lounge sets.

INSCRIPTIONS

Alexander Rose offers an engraving service with three options: brass plaque, stainless steel plaque and direct engravings onto our furniture. Our brass plaque offers a more traditional look for your inscription. Stainless steel plaques provide a more contemporary look with a silver shine, and they will not rust.

If you are looking for something unique we offer a direct engraving service. Your inscription is carved directly into the timber by a computer-aided engraving machine. A direct engraving will mellow down along with the bench to a silver/grey finish if left untreated. You will find treatment recommendations on the next page.

FURNITURE ANCHORS

We have designed two types of anchors for different surfaces, the most common being lawns. Using an Alexander Rose soft ground anchor avoids the need for concrete. Installation is quick and easy with no mess.

Our soft ground anchors come with solid brass plates that screw onto the outside legs. These have sleeves to allow the anchors to pass through and penetrate the surface.

When an anchor approaches its maximum depth (500mm) a curved fluke is released to grip the bench further into the surface, adding more security.

Our bolt down anchors are designed to be used with concrete. They have a maximum depth of 110mm and require a 20mm masonry drill bit to install them.

TIMBER TREATMENTS

Alexander Rose manufactures garden furniture which will last for many years. Over time, as part of the natural weathering process, cracks and splits will appear in the wood, particularly on the end grain and to a lesser extent on the surface. The drier the wood, the more cracks will appear due to the evaporation of natural oils and minerals in the wood from exposure to the elements. As with most hardwoods, this is a normal characteristic for any timber which remains outdoors. Our timber furniture is designed with this in mind and its strength and durability will remain unaffected.

Wooden furniture can be treated with our specially formulated care products to give a beautiful rich finish and enhance the look of the wood. Alternatively it can be left to turn a mellow silver/grey, and should be cleaned occasionally with soapy water.

Timber Cleaner

GT2 (1ltr)

Cleans and brightens weathered timbers.

Timber Protector

GT3 (1ltr)

Nourishes and gives a more uniform appearance.
Also slows the discolouration from sunlight.

New

8 Weeks Treated

Treated with Protector

Weathered & Untreated

COMMERCIAL INSTALLATIONS

At Alexander Rose we pride ourselves on strong values.

We offer a broad product range with items available in a wide selection of materials.

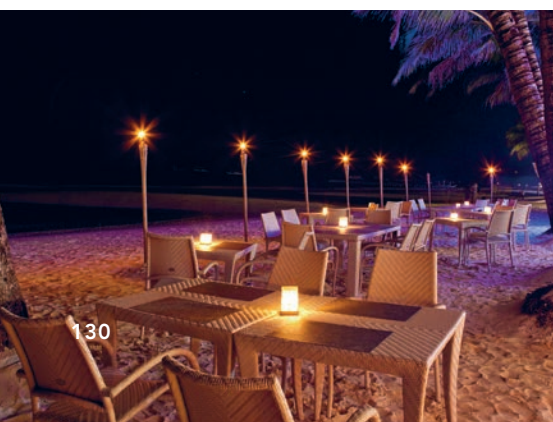

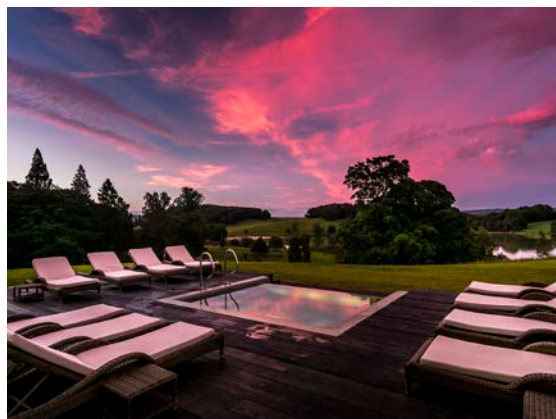

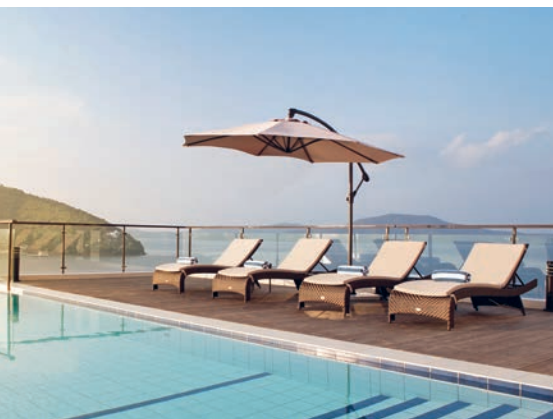

We have our own factories in the Philippines and Bolivia. Owning the factories is essential as it means we can guarantee both the quality of production and consistent supply. We control our own manufacturing at every level - from material selection to quality control through to the final packaging and testing the finished furniture.

Our flexibility in manufacturing enables custom products to be quickly developed and manufactured to suit a specific function, style or project. Low minimum order quantities enable us to supply smaller scale installations and projects.

Your customer's comfort is our business. So whether your furniture needs are to provide them with the best dining, drinking or relaxing experiences, we have the perfect solution for any venue.

Our design team can create 3D CAD imagery on request. Whether you are looking for a single item or full refurbishment, we will help you select what is right for you.

Our furniture can be seen at some of the finest hotels, restaurants, golf clubs and spas all over the world. A few examples of commercial installations which have been supplied by Alexander Rose are listed on the next page.
